LAW OF KARMA & THE INFALLIBLE LAWS OF HUMAN LIFE

BY SHRI: M.K. ANGAJAN

(INTERNATIONALLY ACCLAIMED PHILOSOPHER FROM INDIA)

(The discourses focus on the perennial questions of mankind such as: Why do the honest suffer and dishonest prosper? What is the role of God in our life? Is our life predestined or can we change our future the way we desire? Why is that we do not get what we desire? What exactly is the law of reincarnation, the phenomena of birth and death and beyond? What determine our death and next birth? How can I change my life to positive direction? Can prayers and rituals change our karma and life? Do stars and planets have influence on our life? The discourses clear the myth and reveal the reality about fate, freewill, life, death and rebirth, heaven and hell.)
